## Boat Excursion and a Luncheon

*February Meeting Report  
Submitted by Mike Fricano*

Last summer, I stopped by the COMPACFLT Boathouse to reserve their Special Remembrance Barge for a Tour around Ford Island and to USS ARIZONA. They were just starting to re-open from the COVID shutdown and told me to call back in September for an October tour. In September, I called and made a reservation for 12

October. We were all set to go, but on 11 October, they called me to say the boat had a maintenance problem and we'd have to reschedule. I was disappointed. As our meetings were scheduled for the next three months, I waited, and, in January, I made the reservation for 21 February

Then, as we got closer to the event, Joint Base Protocol called me to tell me that we were being bumped from our requested 2 PM tour up to 1 PM to accommodate a higher

## March Luncheon

On 24 March—not 17 March as previously scheduled—we will assemble at the Oahu Veterans' Center at 1115. Our chapter VP and unsurpassed Program Chairman, **Mike Fricano**, has arranged a very timely and vitally relevant event for our March meeting.

The topic to be discussed is Oahu's aquafer and the Red Hill fuel-storage facility and the pollution in November, 2021, and potential future pollution of our primary water supply. The Navy is supposed to be expeditiously defueling this facility, as ordered by Lloyd Austin, Secretary of Defense.

## Hawaii Aloha Chapter, MOAA

### President's Message

**By Fred P. Staedel, PhD**

We say "Aloha" to our dedicated past president Mark Webster, who has steadfastly served our MOAA chapter the past years while facing interruptions due to COVID as well as personal medical challenges. Even during COVID he kept serving even if, as he light-heartedly said, "I went bumpity, bumpity, bumpity, bump down 14 stairs at home breaking my pelvis!" We are so grateful to Mark as he kept going serving our chapter; even as Mark faced recent medical complications. And we renew our gratitude for Mark's ongoing award-winning efforts as editor/publisher of our chapter's monthly newsletter. We bless you Mark and we thank you.

I had the privilege of representing our chapter at the Annual MOAA Chapter President's Meeting as well as the Monthly Chapter Leaders Roundtable; both via the Internet. I was able to learn and appreciate our MOAA organization on the national level and the extensive programs that MOAA sponsors and facilitates.

Our Vice President, Mike Fricano, has volunteered to attend and represent our chapter at the annual Advocacy in Action (AiA) campaign and the Council President's Seminar in Washington D.C. in April. Thank you Mike!

And finally, 13 chapter members and guests enjoyed a wonderful "Day on the Bay!" Traveling Pearl Harbor around Ford Island on the "Admiral's Barge Tour," history of the Pearl Harbor attack was narrated along with a previous tour of the in-house museum with narration by a sailor and then a 23 minute video was shown featuring the attack with vintage film footage. The weather held and we all enjoyed a wonderful event that illustrated the sacrifice that sailors and soldiers performed in defense of our nation. Afterwards, thirteen of us went onto lunch at the Lanai on Mamala Bay Restaurant on Hickam Air Force Base.

## The Trivia Question

. So many coins circulating today. I used to know what a quarter looked like... today there are State quarters out there and even some other places such as American Samoa and islands in the Caribbean... so hard to keep track. And then we have other coins such as the Susan B Anthony dollar... yikes, collectors are paying over \$1,000 for a Susan B Anthony dollar coin. So I was wondering, this month of honoring Women in History, - what does the B stand for?

priority Distinguished Visitor tour (more on that later). Weather was uncooperative that week and I received several phone calls and emails asking if the event was still on. But, as the Hawaii Aloha Chapter President, Chaplain Fred Staedel, told me, “the Lord was on your side when it came to weather.” It turned out to be a gorgeous day for a boat trip around Ford Island.

The Boathouse staff offered our group of 22 members and guests a tour of the boat house, a talk in the photo and model museum, a 23 minute historical video, and then a narrated tour on the Remembrance Barge that goes out and around Ford Island, stopping at the overturned hull of USS UTAH, and then at Hospital Point, where USS NEVADA beached itself to avoid blocking the harbor entrance. The Barge then went past USS MISSOURI and docked at the Arizona Memorial. for about 20 minutes before returning to the boathouse, passing by the submarine, USS BOWFIN, on the way.

Unfortunately, even though the Boathouse gave us 35 slots on the Barge, only 22 showed up. After the tour, only 13 of the group went to a late lunch at The Lanai at Mamala Bay at Hickam Beach. The food and the service were great, and we got to watch airplanes take off (go Air Force!).

Oh, yes, about the DV's who bumped us. Turns out it was Senator Rand Paul, and the 4<sup>th</sup> richest man in the world (\$110.9B) and the owner of Lanai, Larry Ellison! We all agreed that we were more important!!!

**March Meeting** *from Front Page*

We will have nobody more qualified to discuss this topic with us than Ernest Lau, the Manager and Chief Engineer of Honolulu's Board of Water Supply and Kathleen M. Elliott-Pahinui, the BWS Information Officer.

**Ernest Lau**

As manager, Lau is responsible for the overall strategic direction and management of the BWS, with a focus on furthering the department's mission to provide a safe, dependable, and affordable water supply, now and into the future.

Lau previously worked as Deputy Director of the State Commission on Water Resource Management, Department of Land and Natural Resources where he worked collaboratively with the Commission members to set policies and make decisions in accordance with the State Water Code. Lau also served as the Manager and Chief Engineer of the Kauai Department of Water from 1996 to 2003 and as Deputy Manager from 1995 to 1996. Prior to that position, he worked for the Board of Water Supply, City and County of Honolulu for more than 14

years as an engineer in Long Range Planning and Water Systems Planning.

Originally from Chicago and a graduate of the University of Illinois at Chicago, Kathleen Pahinui moved to Hawaii in the late 1980's. She has worked in sales, advertising, marketing, publishing, and managed a few restaurants.

**Kathleen Elliott-Pahinui**

At the Board of Water Supply, she brings a wealth of marketing experience that has facilitated the agency in expanding their reach and message including rendering the agency more transparent and accessible to the customer. She manages a sharp team of marketing professionals with skills in strategic planning, social media, website creation and management, video production, and writing.

## Lone Eagle Honor Flight

Honor Flight Network is a national nonprofit organization comprised of independent hubs working together to achieve the Honor Flight mission of celebrating America's veterans by inviting them to share in a day of honor at our nation's memorials in Washington, D. C. – giving them a hero's welcome every step of the way. In furtherance of this common goal, we have the enormous privilege of showing our nation's veterans the appreciation and honor they deserve.

Participation in an Honor Flight trip gives veterans the opportunity to share this momentous occasion with other comrades, remember the fallen, and share their stories and experiences with other veterans. Honored veterans always travel free of charge, thanks to generous donations to our organization. Alaska Airlines has donated round-trip flights from Honolulu.

Honor Flight Network currently honors those who served during World War II, the Korean War, the Vietnam War, and veterans of any service era who are critically ill.

There is now an easy ONLINE way to apply as a veteran. The form is easy to use. Check out [HonorFlight.org](http://HonorFlight.org) and, since Hawaii is not a regularly scheduled hub for these flights, [LoneEagleHonorFlight.org](http://LoneEagleHonorFlight.org).

## Chaplain's Corner

### By Dr. Fred P. Staedel

Are we anxious about what we see happening to our nation and to our world? Times are changing, social norms seem to be changing, political movements seem to be changing. Such changes often appear ominous. So, what aspect of human nature can soothe such anxiety? We often want answers and we want changes and we often want them now leading to one's anxiety. So, what is the answer? The Holy Bible once again gives us that answer: "But if we hope for what we do not see, we wait for it with patience." (Romans 8:25)

Being patient is a virtue that is based on prayer. We pray for an answer and patience is often required to see and experience that answer. And then often there is the additional anxiety and frustration that can come from fellow friends and even family members. Again, the Bible gives us a solid suggestion of what other mindful behaviors coupled with patience can do to solve one's anxieties and frustrations with those who seem to create such mental discord:

"Therefore, as God's chosen people, holy and dearly loved, clothe yourselves with compassion, kindness, and patience." (Colossians 3:12).

And Philippians 4:6 goes on to state: "Don't be anxious about anything, rather, bring up all of your requests to God in your prayers and petitions, along with giving thanks."

Yes, one's compassion and kindness coupled with patience trumps anxiety and can lead to peace and comfort. One may ask, "Is that all it takes to quell anxiety and being perpetually upset about changes and behaviors that we abhor? And the answer is no. The big finish to handling anxiety and human frustration comes to us in Galatians 5:22-23: "But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control." **Fred**
